

Policies and Procedures

Identity Theft Prevention and Detection and Red Flags Rule Compliance

Policy

It is the policy of *LASIK Center of Jackson* to follow all federal and state laws and reporting requirements regarding identity theft. Specifically, this policy outlines how *LASIK Center of Jackson* will (1) identify, (2) detect, and (3) respond to “red flags.” A “red flag” as defined by this policy includes a pattern, practice, or specific account or record activity that indicates possible identity theft.

It is the policy of *LASIK Center of Jackson doctors / owners* that this identity theft prevention and detection and Red Flags Rule compliance program is approved as of May 1, 2009 and reviewed no less than annually.

It is the policy of *LASIK Center of Jackson* that the Compliance Official is assigned the responsibility of implementing and maintaining the Red Flags Rule requirements. Furthermore, it is the policy of *LASIK Center of Jackson* that this individual will be provided sufficient resources and authority to fulfill these responsibilities. At a minimum, it is the policy of *LASIK Center of Jackson* that there will be one individual or job description designated as the privacy official.

It is the policy of *LASIK Center of Jackson* that, pursuant to the existing HIPAA Security Rule, appropriate physical, administrative, and technical safeguards will be in place to reasonably ensure protected health information and sensitive information related to patient identity from any intentional or unintentional use or disclosure.

It is the policy of *LASIK Center of Jackson* that its business associates must be contractually bound to protect sensitive patient information to the same degree as set forth in this policy. It is also the policy of *LASIK Center of Jackson* that business associates who violate their agreement will be dealt with first by an attempt to correct the problem, and if that fails, by termination of the agreement and discontinuation of services by the business associate.

It is the policy of *LASIK Center of Jackson* that all members of its workforce have been trained by the May 1, 2009 compliance date on the policies and procedures governing compliance with the Red Flag Rule. It is also the policy of *LASIK Center of Jackson* that new members of its workforce receive training on these matters within a reasonable time after they have joined the workforce. It is the policy of *LASIK Center of Jackson* to provide training should any policy or procedure related to the Red Flags Rule materially change. This training will be provided within a reasonable time after the policy or procedure materially changes. Furthermore, it is the policy of *LASIK Center of Jackson* that training will be documented, indicating participants, date, and subject matter.

Procedures

I. Identify red flags. In the course of caring for patients, *LASIK Center of Jackson* may encounter inconsistent or suspicious documents, information, or activity that may signal identity theft. *LASIK Center of Jackson* identifies the following as potential red flags, and this policy includes procedures describing how to detect and respond to these red flags below:

1. A complaint or question from a patient based on the patient's receipt of:
 - A bill for another individual;
 - A bill for a product or service that the patient denies receiving;
 - A bill from a health care provider that the patient never patronized; or
 - A notice of insurance benefits (or explanation of benefits) for health care services never received.
2. Records showing medical treatment that is inconsistent with a physical examination or with a medical history as reported by the patient.
3. A complaint or question from a patient about the receipt of a collection notice from a bill collector.
4. A patient or health insurer report that coverage for legitimate hospital stays is denied because insurance benefits have been depleted or a lifetime cap has been reached.
5. A complaint or question from a patient about information added to a credit report by a health care provider or health insurer.
6. A dispute of a bill by a patient who claims to be the victim of any type of identity theft.
7. A patient who has an insurance number but never produces an insurance card or other physical documentation of insurance.
8. A notice or inquiry from an insurance fraud investigator for a private health insurer or a law enforcement agency, including but not limited to a Medicare or Medicaid fraud agency.

II. Detect red flags. *LASIK Center of Jackson* practice staff will be alert for discrepancies in documents and patient information that suggest risk of identity theft or fraud. *LASIK Center of Jackson* will verify patient identity, address, and insurance coverage at the time of patient registration/check-in.

Procedure:

1. When a patient calls to request an appointment, the patient will be asked to bring the following at the time of the appointment:
 - Driver's license or other photo identification;
 - Current health insurance card; and
 - Utility bills or other correspondence showing current residence if the photo identification does not show the patient's current address. If the patient is a minor, the patient's parent of guardian should bring the information listed above.

2. When the patient arrives for the appointment, the patient will be asked to produce the information listed above. **This requirement may be waived for patients who have visited the practice within the last six months.**

3. If the patient has not completed the registration form within the last six months, registration staff will verify current information on file and, if appropriate, update the information.

4. Staff should be alert for the possibility of identity theft in the following situations:
 - The photograph on a driver's license or other photo identification submitted by the patient does not resemble the patient.
 - The patient submits a driver's license, insurance card, or other identifying information that appears to be altered or forged.
 - Information on one form of identification the patient submitted is inconsistent with information on another form of identification or with information already in the practice's records.
 - An address or telephone number is discovered to be incorrect, non-existent, or fictitious.
 - The patient fails to provide identifying information or documents.
 - The patient's signature does not match a signature in the practice's records.
 - The Social Security number or other identifying information the patient provided is the same as identifying information in the practice's records provided by another individual, or the Social Security number is invalid.

III. Respond to Red Flags. If an employee of *LASIK Center of Jackson* detects fraudulent activity or if a patient claims to be a victim of identity theft, *LASIK Center of Jackson* will respond to and investigate the situation. If the fraudulent activity involves personal health information (PHI) covered under the HIPAA security standards, *LASIK Center of Jackson* will also apply its existing HIPAA security policies and procedures to the response.

Procedure

If potentially fraudulent activity (a red flag) is detected by an employee of *LASIK Center of Jackson*:

1. The employee should gather all documentation and report the incident to his or her immediate supervisor.
2. The supervisor will determine whether the activity is fraudulent or authentic.
3. If the activity is determined to be fraudulent, then *LASIK Center of Jackson* should take immediate action. Actions may include but are not limited to:
 - Cancel the transaction;
 - Notify appropriate law enforcement;
 - Notify the affected patient(s);
 - Notify the affected physicians(s); and
 - Assess impact to practice.

If a patient claims to be a victim of identity theft:

1. The patient should be encouraged to file a police report for identity theft if he/she has not done so already.
2. The patient should be encouraged to complete the ID Theft Affidavit developed by the FTC, along with the supporting documentation.
3. *LASIK Center of Jackson* will compare the patient's documentation with personal information in the patient's records.
4. If following investigation, it appears that the patient has been a victim of identity theft; *LASIK Center of Jackson* will promptly consider what further remedial act/notifications may be needed under the circumstances.
5. The physician will review the affected patient's medical records to confirm whether documentation was made in the patient's medical records that resulted in inaccurate information in the record. If inaccuracies due to identity theft exist, a notation should be made in the records to indicate identity theft.
6. The practice medical records staff will determine whether any other records and/or ancillary service providers are linked to inaccurate information. Any additional files containing information relevant to identity theft will be removed and appropriate action will be taken. The patient is responsible for contacting ancillary service providers.
7. If following investigation, it does not appear that the patient has been a victim of identity theft; *LASIK Center of Jackson* will take whatever action it deems appropriate.
